CONCERNING

The present Engagement between England,  
and Holland, &c.

**W**hen We look upon the Records of  
the Ages past, to find out the great-  
est blessings that God hath bestow-  
ed on our Native Countrey, the Isle of Eng-  
land, we cannot but acknowledge, that next  
to the Christian Faith, the Union of the Na-  
tion, under the immediate Power and Go-  
vernment, doth exceed all former Presidents:  
What

What apprehension the enemies of our Religion have had at our peaceable conjunction, and with what eye of jealousy the neighbour states did look upon us and envy our happiness, these latter dayes can bear record. For they have not only attempted to violate our freedom and birth-rights, and to offer for a sacrifice our Religion and Liberties in a cruel and bloody War, but have also endeavoured to make us a broken reed, a rock of offence and a shipwrack unto those who formerly sought unto Us for shelter from the storms: Now against this high & extream insolency of our adversaries, which swelleth every day to a greater bigness and exulceration, and is to break out imperiously at their pleasure, we do unanimously declare, in the presence of God, Angels, and Men, to live and die together, in this present engagement, according to our Oath and protestation: And as We seek earnestly to the Lord for a blessing in the behalf of our selves and the whole Nation; so

we desire not to go forth in our own strength but in the power of the most high God; By which we hope the Gospel of Christ shall be enlarged, the Nation freed from danger, and the Commonwealth made more great and glorious then any; which, as it is the end, so shal it be the faithful endeavors, and unfeigned prayers of us all.
